3. Registration, cancellation

Registration shall take place exclusively via submission of the registration forms distributed by the trade fair management. The registration deadline is September 26th, 2025. The completed registration is binding on the exhibitor and cannot be withdrawn. Withdrawal is prohibited even if the trade fair management is unable to entirely fulfill requests regarding the size and type of exhibition plots. If the trade fair management accepts the withdrawal of a registration up to 7 days before the beginning of the trade fair in exceptional cases, the exhibitor must pay a cancellation fee of 30 percent of the pitch rent. 100 percent of the pitch rent shall be due for any cancellations after this point.

4. Admittance

Admittance to the trade fair of a main and a co-exhibitor shall be decided by the trade fair management, which confirms the acceptance. The trade fair management is free to decline registrations without stating its reasons. NOTE: Only new tractors specially for viniculture and fruit growing are permitted (no standard-tractors).

5. Allocation of exhibition plots

Allocation of plots shall be the responsibility of the trade fair management. The instructions of the trade fair management must be followed exactly during the construction of the trade fair stand. The walls and floors of the halls may not be painted, glued or damaged. The rented plots must be kept in a good and clean condition by the exhibitor.

6. Exhibitor tickets

The exhibiting company shall receive 4 exhibitor tickets for each assigned plot which authorize bearers to access the exhibition buildings during the defined times. Additional exhibitor tickets may be requested from the trade fair management. Dispatch of exhibitor tickets shall only take place once payment of the pitch rent has been received.

7. Advertising on the trade fair grounds

14. Removal of stands
